# Diamond Resorts Buy Out Sunterra!

I know you see the headline above and you're probably worrying. Your saying to yourself how is this going to effect my membership. Don't Stress yourself family, your status and membership status are fine. There will be no changes that effect you, in fact things should get a little better.

I have a couple of links that will answer any further questions:

## Upgrading Your Points

*Many of my families have been under my care for a few years now and there may be a few new ones that are just joining our family. Our staff would like to say thank you for being a part of us and we look forward to many upcoming years of service.*

*Now that you are a part of my family, as you know, you are also a part of the great benefits that are offered: the birthday and anniversary cards, the vacation reminder cards, personal newsletters, assistance with making reservations, and having my staff available to you for any questions or concerns.*

*These great reasons that helped you decide to join with me, are all lost if you decide to upgrade your points with anyone except myself. I can only keep you under my "personal" care if I remain on your account. The minute you purchase more points with any other sales representative, no matter how good the offer appears to be, they take over your account and I am removed. In order to prevent this from happening, I ask that if you are in fact interested in adding more points to your account to just let me know. I can then get you the same offer they are giving you, and still keep you as my family and most importantly under my care.*

*My staff and I enjoy working for you and would like to continue to do so. Please keep this information in mind when visiting other resorts and even when coming back to Williamsburg, VA.*

*Also, It has come to my attention that the corporate "headhunters," are contacting my families to get them to upgrade their points. You do not have to do this, in fact I am against it. Be sure to refuse their offer and check with me. Again, this relates to the above information. If you do accept their offer over the phone, as above, I can no longer handle your account personally. Please contact me if you have any questions.*

*Thanks,*

*Cherokee Edwards*
